Tasks on your Student Homepage of My.tcu.edu

From time to time, various departments at TCU will assign you a Task to fulfill on your my.tcu.edu Student Homepage. If you have a task, it will be noted below the task icon. For example, once a semester, the Registrar’s office will create a task to have all students verify their address and telephone information. Each year, Financial Aid will create a Task for students that need to complete their FAFSA. If you have a task to complete, you will click on the task tile and follow the prompts to complete the task.
