POLICY STATEMENT: If the published final examination schedule would require a student to take more than two final examinations in a 24-hour period, the student can arrange to take one of the exams at another time. The student shall determine which final examination is to be rescheduled. The rescheduled exam shall be given at a time mutually agreeable to the student and the faculty member. A final exam may not be rescheduled so as to violate the 24-hour rule. Rescheduling arrangements must be made one week prior to the last day of classes. Unless the student is graduating, the exam must be taken during final exam week.

For the Fall 2020 semester only, students who have declared themselves to be "online only" and who would otherwise be required to begin a final exam earlier than 6:00 am or later than 9:00 pm in the student's local time zone may request to take that final at another time. **The faculty member may choose to, but is not required to honor that request.** The final exam may not be rescheduled so as to violate the 24-hour rule.

Rescheduling of final examinations is permitted only for graduating seniors, online students as outlined above, and to meet the 24-hour rule.
